

# Your Frenzy Guide Service Fishing Trip Checklist

I get asked just about every trip, “What should I bring?” So to make it easier for everyone, I made a checklist! It’s not perfect, but it’s pretty close. Make sure you’ve packed the following essentials to ensure a smooth and enjoyable experience:

- Valid Texas Fishing License:** Required for anyone 17 and older.
- Breathable, Comfortable Clothing:** Think lightweight and layers.
- Non-Slip Shoes:** Keep steady on deck.
- Sunglasses:** Protect your eyes from the glare.
- Hat:** Shade your face from the sun.
- Sunscreen:** SPF 30 or higher.
- Rain Jacket:** Just in case we get a surprise shower.
- Snacks and Drinks:** Keep hydrated and energized. Alcohol is best saved for celebrating the catch back on shore.
- Camera or Smartphone:** Capture the memories (and bragging rights).
- Motion Sickness Medication:** If you’re prone to seasickness.
- A Small Bag or Backpack:** To keep your personal items secure.

**Disclaimer:** “This is just for reference, this is not a complete list and cannot cover every situation or need that could arise. We are just getting you pointed in the right direction. We accept no responsibility for your use of this list. Now get out there and have fun.”
